TRITELEIA

TRITELEIA VIOLACEA is one of the Quarantined bulbs. We now have a fair stock of these and will be able to deliver them this next Fall. Each bulb produces a number of blooming plants and they are hardy in the East. Fine for borders. The bulbs are about ¾ to ¾ size and resemble a Freesia bulb. The foliage is thick and of a nice green shade. Flowers are violet blue color and star shape. They bloom for several weeks during the Early Spring. Flowers are often used for funeral work but principal use is for bedding or for borders. You will find them profitable if forced also as they will bloom about Christmas. Cool temperature is best when forced, about same as freesias. Price per 100, \$2.50; per 1000 bulbs, \$20.00.
